Organised by

Conference Secretariat

Asian Institute of Gastroenterology
Somajiguda, Hyderabad, India

Welcome message

On behalf of the Organizing Committee and The Indian Society of Gastroenterology (ISG) AP Chapter, we welcome you to the 51st Annual Conference of the Indian Society of Gastroenterology being held at Hyderabad International Convention Center (HICC) between November 20th - 25th, 2010. This conference is in association with Indian National Association for Study of Liver (INASL) and Society of Gastrointestinal Endoscopy of India (SGEI).

The conference starts with a Master Class for Post Graduates, conducted by National and International experts. It will involve case discussions, research methodology and the art of writing scientific papers. On 21st November 2010 the CME will be a comprehensive program aimed at wide coverage of the field of Gastroenterology with an emphasis on clinical practice. A parallel Basic Sciences research methodology is also being held. This workshop focuses on current research areas in Gastroenterology and Hepatology. The next three days would be the main Congress. The Scientific Committees of ISG, INASL and SGEI have put together an outstanding program consisting of State-of-the-art lectures, debates, symposiums, video sessions, focusing on both contemporary clinical problems and advances in Basic Sciences. The main meeting will be followed by Live Endoscopy workshop from Asian Institute of Gastroenterology transmitted to the Convention Center. In addition to basic therapeutic endoscopy, several new exciting procedures like ablation of dysplastic and early malignant lesions, Biodegradable Stents and newer and more effective techniques to remove Common Bile Duct (CBD) and Pancreatic Ductal Stones will be demonstrated.

In addition to the excellent academic programme, traditional Hyderabad hospitality and cuisine await your arrival.

Looking forward to meet you in November 2010.
